Media Guide ’23

Industry’s leading association partners with CampusIDNews as a key member benefit.

More than ten thousand higher Ed subscribers and readers rely on CampusIDNews to make buying decisions.

Twenty+ leading companies advertise with CampusIDNews, trusting cross-channel marketing efforts that deliver.
For 20 years, CampusIDNews (formerly CR80News) has helped define the campus card market, exploring the use of ID, transaction systems, payment, and security technologies. Today, we are helping facilitate the move to **mobile credentials, wireless access control, integrated campus apps, and decentralized card issuance**. CampusIDNews is the only publication focused exclusively on the application of these technologies in the education market. Sponsors support our educational mission, and in turn we work to share information with our audience about their products, projects and services.

SUCCESS STORIES

Content marketing drives traffic to mobile credential offering

A leading access control provider was seeking a way to increase the campus community’s understanding of modern approaches to mobile credentials. Via a coordinated, multi-piece content development effort, the CampusIDNews editorial team helped to build lasting, quality content that ranks on the front page of Google results for key search terms.

Webinar attracts hundreds of potential clients to product launch

CampusIDNews helped generate buzz around a leading campus transaction system provider’s new product launch. Via cross-channel promotion, attendees for the webinar topped 120 registrants. Post-event promotion in the initial weeks following launch drove an additional 100+ viewers, and strong Google search position continues to attract viewers each week.
### File formats for ONLINE ADS:
- GIF (animated or still), JPG, and PNG formats are accepted. Note: Flash (SWF) files are no longer accepted as they are now blocked by leading browsers.
- Dimensions should be 300x250 pixels. Maximum file size is 60k.
- Animated ads should rotate no more than 10 times.
- For animated ads, please ensure that the initial and final frames contain relevant information so ad remains relevant pre and post animation.
- Specify the URL for ad linking purposes.

### File formats for FEATURED PARTNER ADS:
- Please provide a color, high-resolution company logo in vector (AI or EPS) format.
- Specify the URL for ad linking purposes.

### File formats for EMAIL ADS newsletter ads:
- GIF (animated or still), JPG and PNG formats are accepted.
- Dimensions should be 180x150 pixels. Maximum file size is 60k.
- Animated ads should rotate no more than 10 times.
- For animated ads, please ensure that the initial and final frames contain relevant information as some e-mail clients do not display animations and default to show the initial frame only.
- Specify the URL for ad linking purposes.

### Ad server information:
- Multiple ads can be run in rotation or ads can be swapped in and out throughout the life of the contract. If multiple ads are supplied, indicate if they should be launched at once and displayed randomly or if a single ad should be launched and run for a specified time frame.
- Ad tracking via third-party ad servers can be supported in most cases. If this option is selected, no click or view data will be reported by publisher.
- Please allow 48 hours for launch of new ad materials.

### ONLINE AD OPTIONS:

#### A. DISPLAY AD
(300 x 250 pixels)
Multiple units per page. Run of site.

The Display Ad is an IAB standard ad size (Medium Rectangle) that runs in the column on the right side of every page of the site. Multiple Online Ads run on each page, and ads are displayed in randomized order. This “run of site” method ensures that your ad will appear in the top position and in other positions in an equal frequency.

#### C. FEATURED PARTNER AD
(100x 45 pixel logo)
Multiple units per page. Run of site.

The Featured Partner Ad is a company logo (with link to site) that runs in a bar atop every page of the site. The bar features PBS-style “Featured Partner” branding. In the bar atop each page, multiple units will display in a randomized, run of site manner.

#### D. BILLBOARD AD
(970x 250 pixels)
Two units per page, one at top and one at bottom. Run of site.

The Billboard Ad is an IAB standard ad size that runs at the top and the bottom of every page of the site. Ads are displayed in randomized order. This “run of site” method ensures that each ad will appear in the top and bottom positions in an equal frequency.

#### E. DOUBLE DISPLAY AD
(300 x 600 pixels)
One unit per page. Run of site.

The Double Display Ad is an IAB standard ad size that runs in the column on the right side of every page of the site. One ad runs on each page. Ads are pulled randomly from the pool of available ads such that each ad will appear in equal frequency.

### EMAIL AD OPTIONS:

#### B. EMAIL AD
(180 x 150 pixels)
Multiple units per issue.

The Email Ad is an IAB standard ad size (Rectangle) that runs in the column on the right side of the email newsletter. Multiple Email Ads run in each newsletter issue, and all sponsor packages include an insertion in one issue per month. Additional issues can be purchased as add-ons to any sponsor package.
