

6 Reasons to Go Green with Digital Student IDs

"Sustainability means a lot to us, especially nowadays with global warming and really seeing how the environment is changing, cutting down on the single-use plastics with the Ucard is amazing!"

– Anika, Student at The University of New Brunswick

"UNB has sustainability goals. We actually have a sustainability department on campus and it's really important for all of us, all of our departments, to work together to reach these sustainability goals. The UCard can play its part by reducing the use of plastic cards, and the mobile credential is one way we could do that."

– Melissa Hannah, Director of IT Services
The University of New Brunswick
